Asphyxia, influence of, on uterine contractions, 171
Atrophy of the liver, acute yellow, 287

Birth-rate, the diminishing, 306
Bladder changes in cases of carcinoma of uterus, cystoscopic recognition of, 195
irritation in girls, woollen fibres as a cause of, 306
Blood examination in abdominal and pelvic diseases, 163
in eclampsia, condition of, 466
Bossi's instrument for dilating the cervix, modification of, 90
dilator in complicated labour, use of, 136, 209
method and eclampsia gravidarum, 547
British Gynæcological Society, 90, 206, 305, 386, 494, 575
Broad Ligament, hydatid cysts of the, 375

Cæsarean sectionperformed three times upon same woman, 13, 216
vaginal, 209, 256
vaginal value of, 67
Cæsarean section, vaginal, for placenta prævia, 549
and difficulties in labour as a result of ventro-fixation and suspension, 550
Calculus urinary, in the female, 94
Cancer, on the curability of, 70
of the uterus, abdominal and pelvic lymphatics and their relationship to, 73
of the meatus urinarius, case of primary, 194
treated by the X rays, 309
of the cervix after hysterectomy for fibroids, 434
justification of vaginal total extirpation in uterine, 558
in East Prussia, result of a 'fight against,' 560
Carcinoma and tubercle of the uterus, co-existence of, 75
cervicis uteri and the ureters, relation between, 562
cervicis uteri, efficiency of the peri-ureteral plexus in the more radical operations for, 564
of the ovary, primary, 578
folliculoides ovarii, 187
Cavity, abdominal, direct illumination of the, 196
Cervix, rapid mechanical dilatation of, in Midwifery, 66
modification of Bossi's instrument for dilating the, 90
treatment of stenosis of the, 91
treatment of orificial atresia of the, 293
bad effects of deep incisions in, during subsequent delivery, 360
fibroid of the, 494
tuberculosis of the vaginal portion of the, 578
Child, separate existence in the, 539
death of, during and immediately after delivery, 176
Chorio-epithelioma, teratoma testis resembling, 380
in the male, 381
Cloaca, fœtus showing a rare maldevelopment of the, 349

Contractions uterine, influence of asphyxia on, 171
Corpus luteum, function of the, 481
situation of, in four cases of ectopic gestation, 482
Cultures, use of dilute caustic soda for the hands before taking, 299
Curability of cancer, 70
Cyst in connection with the right Fallopian tube, 155
simulating femoral hernia, 306
of the Wolffian body, retro-peritoneal, 376
Cysts, hydatid, of the broad ligament and great omentum, 375
bilateral dermoid ovarian, 494
vaginal, on the origin of, 567
Cytology of the liquor amnii, 278

Death of the child during and immediately after labour, 176
Debility, cardiac and endometritis, 291
Degeneration, malignant, of cervical stump after subtotal hysterectomy, 76, 154
sarcomatous, of uterine fibroids, 77
congenital cystic, of the lung in the new-born child, 285
Delivery, spontaneous, occurring in elderly primiparæ the subjects of multiple and intra-pelvic fibroids, 59
death of child during and immediately after, 176
bad effects of deep incisions in the cervix during subsequent, 360
Deportation of chorionic villi and its consequences, 369
Diabetes mellitus and metritis dessicans, 82
Dilatatfon of the cervix in midwifery, rapid mechanical, 66
Dimensions of female pelvis, method of determing internal, 170
Disinfection, concerning hand, 300
Dysmenorrhœa, etiology and pathogenesis of, 181
Eclampsia, causation of, 40
treatment of, 263
with fatal result, 307
condition of the blood and the secretion of urine in, 466
urinary analysis in pregnancy, with reference to, 470
treated by thyroid extract, puerperal, 492, 531, 32

chronic, and chronic metritis in virgins, 308, 322
Endothelioma of the ovary, cystic, 187
Enucleation of uterine fibroids, intra-peritoneal, 374
Epithelioma chorio-ectodermale, 489
its clinical bearings, 490
Eruption vesicular, following a dressing of iodoform, 306
Existence separate, in the child, 539
Esthiomène, on, 294
Exohysteropexy in myomectomy and as treatment for prolapse, 566
Extirpation in uterine cancer, justification of vaginal total, 558
Eye of the child during labour, injuries to the, 367
symptoms, amenorrhœa associated with serious, 389, 445

Fallopian tube, cyst in connection with the right, 155
experimental obliteration of, 189
some pathological conditions of the, 309
torsion of the pedicle in hydrosalpinx and other morbid conditions of, 514
Fecundity and uterine fibroids, 547
Fibroid of the uterus projecting through the cervix, sloughing submucous, 92
of the cervix, 494
Fibroids, sarcomatous degeneration of uterine, 77
abdominal hysterectomy in the treatment of, 292
complicated by pregnancy, abdominal hysterectomy for, 315, 384
conservative operations for uterine, 373
intra-peritoneal enucleation of uterine, 374
uterine and fecundity, 547
Fibromyoma of the intra-abdominal portion of the round ligament of the uterus, 119, 204
of uterus, 492
undergoing sarcomatous degeneration, 571

Fixation, difficulties in labour after vaginal, 283
Fœtation, extra-uterine, death from septicæmia, 26
Fœtus retained for four years in an extra-uterine sac, almost full-term, 179
macerated, puerperal morbidity after the birth of, 285
showing a rare mal-development of the cloaca and other structures, 349
Formalin treatment of puerperal sepsis, 364

Gangrene of the extremities, puerperal, 365
Genitalia, papillary psammona of the female, 192
Gestation, two cases of ovarian, 171
an unusual case of ectopic, 208
unruptured tubal, 304
early rupture of a tubal, 305
situation of the corpus luteum in four cases of ectopic, 482
treatment of ruptured ectopic, 495
Glasgow Obstetrical and Gynæcological Society, 94, 210, 309, 389, 497, 577

Hæmatocele, to operate or not in tubal pregnancy and, 297
arising from tubal abortion or rupture, 389
hæmatoma and, 572
Hæmatoma moles, 476
and hæmatocele, 572
Hæmatometra following labour, 69
case of post-partum, 174
of one horn of a uterus bicornis, 185
Hæmatosalpinx, torsion of pedicle of, 483
Hæmorrhage after labour, treatment of, 361
arising from tubal abortion, intraperitoneal, 389
hydrocephalus with post-partum, 577
Hand disinfection, 300
Hands before taking cultures, use of dilute caustic soda, 299
Hebotomy, case of, 63
note of a case of, 310
Hernia, twisted ovarian, 188
Hydatid mole and ovary, 282
Hydrocephalus with post-partum hæmorrhage, 577
Hydrocolpos, imperforate hymen with, 569
Hydrometra, 494
Hydrosalpinx, torsion of the pedicle in, 493
double, 494
Hymen with pyocolpos, imperforate, 569
with hydrocolpos, imperforate, 569
Hypertrophy of the fœtal thyroid with maternal eclampsia, 19
Hysterectomy, malignant degeneration of the cervical stump after subtotal, 76, 184
abdominal, in the treatment of fibroids, 292
abdominal, for fibroids complicated by pregnancy, 315, 384
cancer of the cervix after, 434
